Correspondents,

I've complained to postal authorities every year since 1983 except 1988. In 1986, the postmaster and three supervisors were forced to retire early. As far as I know, no one was remunerated for stolen mail; no one has gone to prison for this thievery and conspiracy. Register your letter and keep a copy for your file. Consider my signature permission to publish any enclosed materials except booklets, books and manuscripts at current market rate.

Edward Epstein, Mark Lane, Richard Popkin, Russ Harpe, Jim Garrison Sylvia Meagher, Jim Penn Jones, Josiah Thompson, David Lifton, Gary Shaw, Robert Groden, Richard Sprague, and, of course Harold Weisberg have spent 25-27 years on this researching-writing-inquiring, pushing for someone in office to make an admission of guilt. They have interviewed just about everyone. They have a collection of photographs unrivalled except by the Kennedys, the archives, the House archives, some news corporations and the assassination conspirators. Indeed Weisberg self-published his own noble effort Photographic Whitewash in 1966. But I believe all of them have held back information that would have contributed significantly to public admissions of guilt. They weren't waiting for publishers; they weren't disclosing what they had. They practiced what they criticized - they withheld the truth. For example, various testimony from many witnesses clearly reveals different groups of conspirators for different aspects of the conspiracy. Lane was critical of the Dallas District Attorney's office but he didn't focus in on specific charges against Wade, Alexander or Curry. Groden had crucial testimony for 20 years as did Thompson, Weisberg & Sprague. At least 10 years ago, they had the photographs since they had sufficient incomes by then. In 1981, Lifton obtained a copy of all available autopsy photos, but in his 1982 book Best Evidence, the crucial pictures that showed obvious alteration of the head, were

not published. I believe there was a photo of a small caliber bullet wound in the folds of Kennedy's neck. But nobody would publish it. (Behind it)

Why didn't they self-publish as Weisberg and Sprague (The Faking of America-1-23)? I self-published a 12 page booklet, CoUP in the US in 1986. For $50, I had 100 copies published; about 90 people received it in the mail - $40 in postage. I was on welfare at the time with an annual income of only $5000. They could easily publish a concise book of 32 pages detailing the conspiracy. There are only two dozen essential photographs that tell the whole story. This could have been done 15 years ago. There is no excuse. (1) 1000 copies of (1) for $500.

In 1990, Lifton's Best Evidence and Groden's High Treason still deliberately, maliciously avoid the central points that would demand official action and offer the turn-around they were searching for. Claim they (3) free Kennedy. The assassination conspiracy (3) was High Treason, and upon conviction for their crimes, the living generals and admirals, the secret service agents in the follow-up car (except Hill and the driver), Rowley, the assassins, the military intelligence agents, the Marcellos, McNamara, Rusk, Dallas police officers should all be executed by firing squad (2 or 3) in a public ceremony. CIA agents
